 Tuerong (3.8km); Mornington (9.4km);
 Frankston (17.6km); Melbourne (59.7km)

Of all Australian wine regions, the Mornington Peninsula lays claim to be one of the most significant of maritime climates. It is surrounded on three sides by the sea. The Mornington Peninsula has become one of the most exciting and interesting regions in all of Australia – with the small differences in aspect, elevation, soils and microclimates each contributing to the varied and fascinating character of the wines.

The Yabby Lake Vineyard is in the sub-region of Moorooduc. Positioned on a north-facing slope, the site captures maximum daily sunshine, but importantly is refreshed by nightly cool sea breezes – perfect conditions for growing high quality Chardonnay and Pinot Noir.
